COUNTY TO RECEIVE BUT LITTLE AID IN BUILDING IMPROVED ROADS

State Program Leaves This Section To Look After Itself

HAS ALWAYS BEEN PROGRESSIVE

According to reports emanating from Harrisburg, Washington county will receive but little consideration at the hands of the State Highway Department in the expenditure of the $50,000,000 bond fund, which is to be used in the construction of primary roads throughout the State.

During the past two weeks the officials of the county have made special trips to Harrisburg to confer with the State Highway Department but have received but little encouragement with respect to State Highways in this county. So far but one road has been mentioned for the county, one leading from Washington to Waynesburg, a large portion of which is already improved.

The Observer, in speaking of the situation, says that the county acting in good faith and desiring to cooperate to the fullest extent with the State Highway Department, the officials of Washington county and the supervisors of a number of the townships have signed agreements, under which the state has been offered, in round numbers, $800,000 for road construction in Washington county, on condition that a like amount be paid by the state.

[illegible] according to the report, have become scraps of paper and the state will build in Washington county a few miles of primary road and leave the county to its own devices to complete a system.

Washington county in the past has freed all of the toll roads in the county at its own expense, in addition to which the county has borne its share in building three river bridges, all of which are crossed by State highways. The State for years has been making appropriations to free toll roads in the east, and even now bills are pending in the Legislature to erect bridges in that same section at the entire expense of the State. The State road building program does not look good to Washington county.

Among the recent real estate sales noted in Charleroi, as the transfer by Carl Schmeiler, et ux., to Abe Brill, of Charleroi, a lot fronting 22 feet on Fallowfield avenue, Charleroi, and extending back 100 feet. The consideration was $8,000.

CHILEAN AMBASSADOR CLIMBED TO POST

Sticking to the bush, even in diplomatic ranks is not without its reward. Thirty years ago Senor don Beltran Mathieu of Chile, South America, was secretary to the ambassador to America. He is now the ambassador.

MISS VAN VLASSELAER WEDS MR. UNDERWOOD

The marriage of Miss Josephine VanVlasselaer of Charleroi, and Joseph H. Underwood, of Detroit, a former resident of Monessen, was solemnized at three o'clock Thursday afternoon, at the home of Rev. C. G. Huffer, on Meadow avenue. The attendants were Miss Bessie Reilley, of Charleroi, and Mr. Wolfe of Monessen. The bride was an active worker in the First Christian church and a teacher in the Bible school. The groom is also well known in Monessen, where he lived for a number of years. Immediately after the ceremony Mr. and Mrs. Underwood left for Detroit, where they will make their future home.

PRICE OF MILK MAY BE LOWER IN APRIL

The meeting of producers and dealers of the Pittsburgh district to set the price of milk for the month of April will be held in the Chamber of Commerce, Pittsburgh, on Saturday, March 29. It is anticipated that on account of the increasing surplus of milk the April price will be slightly lower than that of March.

BOAT TIED UP ON CLAIM FOR SUPPLIES

Following the filing of a claim by a Pittsburgh firm, the steamer er Valley Belle was seized on Thursday by the United States Marshal at Gallatin, Pa. The steamer was recently purchased by Capt. Bryant, a showboat man, and is to be used in towing his big show barge on western waters.

WANT TRAINS RUN INTO UNION STATION

A petition is being circulated among the citizens of Brownsville, and addressed to G. B. Obey, superintendent of the Monongahela Railways company, which has for its object the return of Union station in Brownsville to its one-time pre-eminence as the railroad terminal of the Brownsvilles.

About 17 months ago, when railroad traffic was congested, all Pennsylvania Railroad passenger trains, except those bound to or from Uniontown and Fairmont, were shunted to the West Brownsville station.

The change has been of great inconvenience to the traveling public, there being no street car service from West Browneville station. Prior to the change of November, 1917, the Pennsylvania had ceased to run trains to or from Crucible into the Union station. The people of Brownsville are hoping for favorable action on the petition now that railroad traffic has about resumed its normal state.

WEST PENN MAKES CUT IN POWER RATE

The West Penn Power Company has sent out from its Pittsburgh office, under date of March 15, a letter announcing reduction in power service rates. The reduction will be of five (5) per centum on all power bills effective March 1, 1919. "The reduction will be made," says the letter, "by deducting five (5) per centum of the amount resulting after taking off the quantity discount and before applying of the prompt payment discount, so that the reduction will be allowed without regard to time of payment of the bill."

WERE MARRIED IN WELLSBORO, W. VA.

Mrs. Edward Geho, of Lock Four, announces the marriage of her son, William, to Miss Mildred Wilkes, of Monessen, which took place Wednesday, March 19, at Wellsboro, W. Va. The bride is a popular young lady of Monessen, while the groom is a highly respected young man of Lock Four where he has lived for a number of years. He is employed at the Pittsburgh Steel Products Company plant and also served in the Army, at Camp Humphreys, Va. He was in the Engineer Division for six months. Mr. and Mrs. Geho will go to housekeeping at Lock No. Four.

LAKE SHIPMENTS WILL BE HEAVY

It is estimated that the shipment of coal to the northwest by way of the great lakes this season will amount to approximately 22,000,000 tons, an amount which operators feel will make a fairly prosperous season for the Pittsburgh district.

In connection with the opening of the lake season, which promises to be quite early this year, comes the statement that a complete reversal in the ordinary price conditions is becoming apparent in the Pittsburgh contract coal is bringing higher prices than spot sales, in some cases the differential being as much as 20 cents. One result is that the new coal year, which begins April 1, is drawing rapidly near with few contracts being signed, and with every prospect that most of be coal will move in the immediate future on spot sales.

Two conditions are contributing mainly to this state of hings. One is the uncertainty among the operators to the probable trend of costs in the next six months, and the other is the anxiety of most operators to move now what coal they have on the rails so hat there should be some life in the period of slackness. This uncertainty of costs grows out of the uncertainty as to the demand which is likely to develop during the remainder of this year.

DOG OWNERS MUST PAY FOR SHEEP

[illegible] county has just been passed by the county commissioners. It is in favor of D. M. Summey, of Nottingham township, and is for $696.

Mr. Summey had 37 sheep killed and 12 injured. The damage allowed for the killed sheep is $555, and for the injured $120. The cost of burial of the sheep was $18.50. The balance of the bill is for costs in connection with the proving of the claim.

The affidavit of claim with the commissioners sets forth that the sheep were killed and injured by dogs belonging to James Lusk and Harry Summey. Under the law they are liable to the county for the amount the county has to pay on this claim. They have been so notified.

VESTA COAL CO. BUYS MORE COAL ACREAGE IN WEST PIKE RUN

Pays $350 Per Acre For This New Field Of Over 200 Acres

ADJOINS ITS OTHER HOLDINGS

The Vesta Coal Company has purchased from the estate of George W. Theis, of Pittsburgh, the Pittsburgh vein of coal under two tracts of land in West Pike Run township, of 186 acres and 25 acres respectively, being the same coal that George W. Theis purchased from W. N. Hawkins and W. E. Davis. The sale of the above coal was consummated by Washington parties.

The coal adjoins the Goodwin and Longdon coal purchased by the same company last year. The consideration in this latter deal was $350 an acre, and that may be taken as an approximation of the figure in this latest Vesta company purchase. This coal will be mined out through one of the workings in the vicinity of California, where the company has the most modern facilities for handling production in the most economical manner. The Vesta company is [illegible] additional coke ovens [illegible] Hazlewood Coke and Connellsville [illegible]

SPIRITED BIDS FOR NEW ROADS

Officials of the State Highway [illegible] Thursday opened all the bids [illegible] of the bidders [illegible] on as showing that experienced and capable firms were interested in what Pennsylvania is undertaking.

In all, between 32 and 33 miles were bid upon in 17 contracts, the low bid average being about $40,000 a mile. The aggregate of the low bids was $2,1121,731. The next bids will be opened March 28 and April 11, when about 50 miles each will be bid on.

WILL RECEIVE FUEL SHIPMENTS BY RIVER

It was learned on Thursday that another manufacturing concern on the Monongahela river intends to receive its fuel by water. Surveys have been made by the Equitable Gas company for the placing of a retaining wall in front of its plant at Elrama, with a view of receiving shipments of coke from the by-product plant of the Carnegie Steel Company at Clairton. The plant of the Equitable Gas company is in the third pool, and about two miles above the new marine ways of the Vesta Coal company.

WILL ERECT STADIUM AS A MEMORIAL

[illegible] Association to provide a memorial to the youth of both sexes who entered war service, has practically decided on the purchase of ground to serve as a recreation center and memorial. It is planned to erect a stadium seating 3,500 persons, a band stand, a fountain and a monument.

Honor The Dead

One of the most beautiful customs of man—a practice as old as civilization—is the erection of memorials to the departed. The human mind has ever been stirred to its depths and moved to great achievements in its efforts to preserve the memory of the dead. Our modern and improved equipment assures perfection of workmanship and service, plus economy, making three very good reasons why you should turn to us for your materials.

INDIGNANT GERMANY

The high Hun hopes of annexing the world to Germany have not only met with bitter disappointment but Germany itself is to shrink in dimension. We now read that an enlarged Poland will incorporate West Prussia, that East Prussia and the Rhineland will be made separate republics, and that France will get the Saar Valley as well as her lost provinces of Alsace and Lorraine. Of course the still abnormally conceited Germans are rubbing their eyes in astonishment. The Berlin Tageblatt indignantly protests that the Allies seem to think that Germany is a third-rate power. She is less than that now and is likely to be a sixth rate power when the victors have finished their business. What do those Hun plunderers expect? After attempting to tread down the whole world and going back to all the savagery of thirty centuries, they deserve to be reduced to a tenth rate power and to be kept permanently behind prison bars into the bargain.

Hopeless Case.

At one of the theological seminaries they tell of an absent-minded professor who while studying one evening had need of a book mark, and for the purpose employed a pair of his wife's scissors that chanced to be at hand.

Shortly after his wife wanted the scissors, but a diligent search on her part and his own failed to disclose them.

The next day the professor appeared before his class and opened his book. There lay the lost scissors. He picked them up and, with a triumphant smile, held them aloft, crying out:

Anger vs. Digestion.

What is the difference in effect of fear or rage upon digestion in the stomach? Upon the digestion the influence of these so-called "fighting emotions," fear and rage, is very great. Amendment Hard to Repeal.

A law of congress can be quickly repealed or altered if it fails to work well, but a Constitutional amendment is practically beyond repeal. Though 36 states are required to put an amendment into the Constitution, it takes only 13 to keep it there, even against the will of all the others.

Substitute for Metal Pipes.

Piping of compressed cellulose is now being recommended instead of metal pipes according to reports. While satisfactory for hot and cold air and corrosive acids, it is not suitable for steam.

Clear the Skin

A beautiful complexion is the outward mark of good blood and a healthy body. When the stomach, liver and blood are in good order, the skin is clear and lovely. Unsightly blotches, pimples, eruptions and sallowness show the need of Beecham's Pills to stimulate and regulate the vital organs and improve the circulation. Good health and better looks soon follow the use of

BROKE AWAY FROM POVERTY

Successful Men, Born Poor, Soon Began to Hustle for the Highly Desirable Mazuma.

Somewhere in the obituary of almost every successful American you will find this sentence: "He began life a poor boy."

Our great men seem to have had a positive genius for picking out poor parents. Although poverty at birth is looked upon as an asset rather than a liability, most successful Americans, notwithstanding the tremendous advantage poverty gave them, began to hustle for riches before their milk teeth had fallen out.

Being born poor may be an asset, but it becomes a liability if you stay that way. When you are a pink, stubnose baby being carried around on a pillow and exhibited to the neighbors you are fortunate if poor, but a great deal more unfortunate if you remain so.

Most of the men who have succeeded in getting their names in the United States histories, in public libraries and on cigar labels selected parents who were constantly bumping into people on the streets to whom they owed money, but the greatness of these men was displayed in the neatness and dispatch with which they succeeded in leaving something more substantial for their own children than pink complexions and waiting lists of creditors. —Thrift Magazine.

Loss Was Serious.

"You can't alarm me, Big Ben," doesn't seem at all funny in print, but at one of the Broadway theaters last night, when the leading man addressed this line to another leading character, an old gentleman in an upper box laughed so heartily, as did the audience, that his set of false teeth shot out and landed plumb in the lap of an ensign who was seated in the orchestra. The portion of the audience that witnessed the accident went into hysterics to the evident discomfiture of the teeth's owner, and it was some time before the show could continue. In the meantime, the toothless individual sought out a balcony usher, to whom he tried to explain his plight, but the loss of the teeth left him more or less inarticulate. The usher, who was unaware of what happened, attributed his wild pantomimic actions to that of a crazy man, and she ran downstairs to report to the manager that "some guy in the balcony was off his nut."—New York Sun.
